What is Hoopa Adult Wellness Court?

Welcome to the Hoopa Adult Wellness Court Program. This handbook is designed to answer your questions, provide you with helpful information and help you through the process. As a participant of the Wellness Court, **YOU ARE EXPECTED TO COMPLY WITH ALL ASPECTS OF THIS HANDBOOK, THE WELLNESS COURT REQUIREMENTS, AS WELL AS INSTRUCTIONS FROM THE HOOPA ADULT WELLNESS TEAM.**

The Hoopa Adult Wellness Team determines who will be admitted into the program. The program is designed for individuals who voluntarily choose to participate in the program. **Wellness Court is a Privilege, Not a Right!**

The program includes regular meetings with the Probation Officer along with intensive chemical dependency treatment and other Wellness Court Appearances. The program could also include regular meetings with Behavioral Health. Treatment could include: individual and group counseling sessions, substance abuse education, a family program, relapse prevention, relationship support, referral to community resources/services, regular attendance at Recovery Support Activities (such as Narcotic/Alcoholics Anonymous), random urinalysis testing, community service, community activities, and curfew.

A Chemical Dependency counselor completes your Assessment/Intake and makes recommendations that address your individual needs. A Behavioral Health therapist will also complete an Assessment/Intake to determine any other individual needs. When accepted into Wellness Court you are given a treatment schedule. At that time, you must also provide a baseline urine sample. You will receive random urine testing throughout the program. The schedule of testing will be determined by your level within the program and at the discretion of the Case Manager and treatment providers.

Your Chemical Dependency counselor and Behavioral Health therapist, if necessary, will develop an individualized treatment plan, with your input. Your counselor/therapist will monitor your progress in the treatment programs and provide reports to the Wellness Court Committee for review prior to each of your court appearances.

The Wellness Court Case Manager will be your primary contact from the Probation Department. He/she will assist you in obtaining education and/or job readiness skills by providing referrals for training, education and/or job placement services. Your Case Manager also helps you to obtain other services provided by the community that may have been identified in your treatment plan as necessary. Your Case Manager will request random urine testing, check on compliance with community service hours, and monitor overall progress with the program. The Case Manager will provide reports to the Wellness Court Committee for review prior to each of your court appearances.

When you make your decision to enter the program and your case gets transferred to Wellness Court Program, your life essentially becomes an “open book.” All aspects of your life, both in and out of the program, will be shared with all members of the

Hoopa Adult Wellness Team. However, any information of a sensitive nature will NOT be discussed in group appearances during your review. Successful completion and “graduation” from the program will result in having your case or probation violation dismissed. This means that the charge cannot be refilled.

Why Participate in Wellness Court?

How do Interested Participants get into the Program?

Participants are referred to the program in a number of ways. When arrested, or subject to a probation violation, the Police Department or the Probation Officer informs the Prosecuting Attorney of the person's eligibility. The Prosecutor's office then decides charges/violations to file and informs the Court of the participant's eligibility based solely on the criteria.

Upon information from the Prosecutor's Office, the Court includes information about Wellness Court with the Summons. Then at first appearance, the Court informs the defendant of eligibility and encourages the person to talk to the public defender and/or the Case Manager.

The public defender provides the defendant with an Application. The Case Manager refers the person to the appropriate evaluations. Once the application and the evaluations are complete the Hoopa Adult Wellness Team then votes on whether the participant is accepted or denied. If the person is denied, the Humboldt County Superior Court process continues. If the person is accepted, the person's case is transferred into the Wellness Court Program, and the participant begins the program. (See Chart on next page).

What is Wellness Court Supervision?

The Wellness Court Participant is required to report to the Case Manager on a regular basis (in some cases daily). Prior to each Wellness Court appearance, the Hoopa Adult Wellness Team receives a detailed progress report from your Chemical Dependency Treatment Counselor, Behavioral Health Therapy, the Case Manager, and any other program services you are engaged. The following information could be provided to the Team:

- Current Address, phone number and living arrangements
- Employment Status
- Progress made on your treatment plan
- Attendance and participation in treatment services
- Results of any drug testing
- Number of clean and sober days
- Any violations of program rules or expectations
- Comments/recommendations

During the Wellness Court appearances, the Team will discuss your progress with you and give out any rewards/incentives or consequences/sanctions for behavior. The Team discusses some of the specific problems and/or accomplishments that have occurred. If you are doing well, you are encouraged to continue with the program and work toward success. If you are not doing well or have specific violations, the Team will discuss the issues with you to determine further action or consequences.

The primary goal of the Wellness Court Program is to support you in achieving a healthy, positive and satisfying lifestyle through total abstinence from alcohol and/or illegal drugs. The mission of the Program is to break the “revolving door” cycle of drugs and crime.

Failure to attend program sessions on the dates and times that you are scheduled and positive urinalysis results, are some violations that may result in consequences/sanctions being imposed. IN some cases, this may include termination from the program and your pending criminal case will be transferred back to the originating Court for sentencing/disposition. If you have questions regarding the program or your Wellness Court appearances, you may contact your Case Manager directly at (530) 625-4305 ext. 303 or you may contact your treatment counselor at (530) 625-4261.

What are the Wellness Court Phases?

The Wellness Court Program is divided into four (4) levels, called “phases.” Each Phase is a minimum of 90 days. The phases include:

- Phase I: Orientation and Stabilization

How does the Program End?

A participant can end the Wellness Court Program in one of two ways:

- **Graduation** – successful completion of ALL Program requirements. The program is designed to be a 12 month program. Some participants will require a longer amount of time to complete all of the Program requirements.
- **Termination** – participant fails to meet and comply with conditions of the Wellness Court Program. Termination can occur if the person accumulates 100 points or more through the Wellness Court process, is charged with a drug/alcohol offense, engages in extremely inappropriate conduct as determined by majority of the Hoopa Adult Wellness Team, or voluntarily terminates Wellness Court participation. The decision for termination is ultimately made by the Hoopa Adult Wellness Team. If the participant is terminated from the program, their case will be transferred back to the Humboldt County Superior Court for sentencing/disposition.

What are the Dos and Donts of the Program?

The Dos:

- **DO attend and participate in Wellness Court appointments/sessions:** Court, probation, treatment, individual/family counseling, school, community service work, pro-social activities, and/or other Wellness Court Program activities. If a participant cannot attend a scheduled appointment, it is their responsibility to contact their Case Manager about the appointment. Missed appointments may result in consequences which can delay phase advancement or cause termination from the program.
- **Do Bring ALL necessary materials:** this includes all your materials and assignments for treatment, group, individual sessions, Court appearances, etc.
- **Do read the Program Rules, Phase Rules and Participant Handbook:** Participants should understand the requirements before and while participating in the program.
- **Do follow the law:** Any behavior that results in arrest, a citation, or new charge may be reason for consequences/sanctions or termination from the Wellness Court Program. ANY contact with law enforcement must be reported to the Case Manager immediately.
- **Do arrive on time:** Includes Court appearances, treatment, appointments and other activities. Late participants may not be allowed to attend group, appointments, etc. Being late may also result in consequences. The participant is also expected to remain at the activity for the entire session, meeting, or activity.
- **Do respect others:** Violent, profane or inappropriate behavior toward peers, staff and/or community members is not tolerated. It will be reported to the Case Manager and may result in consequences/sanctions.
- **Do ask questions:** Participants are responsible for asking questions about their requirements.
- **DO provide the Case Manager with a current active phone number.**
- **DO provide the Case Manager with all prescriptions and over the counter medication information within 72 hours of receipt.**

The Do Nots:

- **DO NOT use or possess any mind/mood altering substances:** Includes drugs, alcohol, prescription medication, over the counter medication, or herbal supplements. If any kind of medication is prescribed the participant must provide proof to their Case Manager and treatment provider within 72 hours.
- **DO NOT leave the Hoopa Reservation without prior approval.** Participants must have prior approval from their Case Manager to travel.
- **Do NOT wear inappropriate attire:** Please dress appropriately for Court appearances, community service, treatment and other Wellness Court related activities. Attire with drug, alcohol, racist, sexist, or gang related themes or scantily attire is not tolerated.
- **DO NOT schedule appointments/activities during scheduled Court hearings or treatment sessions:** participants are required to attend ALL scheduled Court appearances and treatment sessions. Participants are NOT excused from attending (1) weekly court hearings, or (2) treatment sessions, unless they speak personally with the Case Manager, and get permission directly. (Leaving a phone message, or any other kind of message, that you are not coming to court or to your scheduled treatment session, does not authorize permission to miss court or treatment.)
- **DO NOT discuss the progress of other members of the Wellness Court outside the Wellness Court session:** All information (i.e. drug test results, new arrests etc.) discussed in court during hearings is confidential and may not be discussed with any person outside of Wellness Court. In other words, any participant who hears something in court and reveals confidential information to any person outside of the Wellness Court will be subject to sanction and may be subject to an offense of Contempt of Court.

What type of Treatment is Required?

All participants participate in substance abuse treatment. Before starting the Program, each participant is required to undergo an assessment to determine the level of care required.

Detox

In this level of care you will likely have significant withdrawal symptoms that will exacerbate both medical and mental health conditions. This level of care is similar to the residential inpatient in structure; however, will include nursing staff 24 hours as well as physicians who can prescribe medications to address any instability around withdrawal, or co-occurring medical or mental health conditions that may not be stable due to continued use. You will likely be participating in group and individual therapy during this level of care. You will also receive education from CD staff as well as the medical staff. This level of care is relatively short compared to residential treatment, often ranging from 3-7 days for detox, and 7-21 days for treatment. The goal of this level of care is to stabilize.

Inpatient Treatment

This level of care addresses the individual that is not at high risk for withdrawal, does not have medical or mental health conditions that will otherwise distract from treatment, but who is open to recovery and needs a structured environment to maintain therapeutic gains or to establish abstinence. This individual may understand relapse but has limited ability to manage cues and triggers without 24 hour supervision. This level of care is located in a residential treatment facility. The length of care ranges from 14-30 days. Daily routines consist of groups, educational lectures, recovery support activities, 12-step involvement, meals, and individual sessions with counselors and ancillary services depending on the facility.

Intensive Outpatient

At this level there may be some minimal risk of withdrawal, however it will be monitored as it has the potential to distract from recovery. This level of care focuses on developing strategies that will address ambivalence or lack of awareness. This patient is at high risk for relapse or continued use if not engaged with the development of strategies to address his/her lack of awareness and solidify engagement. This level will include groups multiple days of the week up to 2 hours. It will also include weekly individual sessions to monitor progress and support engagement. The intensity of this level also addresses the risk and stability of the client's environment and adds structure or support where it is otherwise lacking.

Outpatient Treatment

This intervention is for those who are chemically dependent, but who are not experiencing acute symptoms of withdrawal, medical conditions, or mental health conditions that are not being already concurrently monitored by other outpatient providers. This patient is ready for recovery, but needs to develop motivating strategies to strengthen readiness. This patient may be able to maintain abstinence and pursue goals with minimal support. This level of care includes group weekly and individual sessions as needed to determine progress through care and appropriateness for discharge.

TREATMENT IS A CRITICAL PART OF THE WELLNESS COURT PROGRAM. IT IS IMPORTANT THAT PARTICIPANTS ARE ON TIME AND BRING REQUIRED MATERIALS FOR GROUP.

PARTICIPANTS MUST PROVIDE A NOTE FROM A DOCTOR FOR MISSING TREATMENT OR ATTEND TREATMENT AND BE DISMISSED BY STAFF FOR ILLNESS.

What if I have Prescribed Medications?

Participants are required to provide the Case Manager and treatment counselor with all prescriptions no later than the next business day of receipt. The prescriptions are required to be shared because medications can impact UA results.

What Is The Drug Testing Policy?

Drug testing is an essential part of the Wellness Court Program. Each participant agrees to submit to random drug testing at any time. Drug tests are frequent, random and visually supervised. The participant will be responsible for any undisclosed information that would affect the results of the toxicology. In addition to urinalysis you may be required to submit to breathalyzer and/or instant toxicology tests.

If you miss reporting for a requested drug test, fail to supply a specimen, or have a dilute specimen, it will be treated as a positive result.

Is There Anything That Can Cause A False Positive UA Test?

Participants in the Wellness Court Program are responsible for reading product labels. Many products contain chemicals that can cause a positive UA. Therefore participants should not use the following items (this list is not all inclusive, be sure to read the product labels):

- **Alcohol-based products** such as mouthwashes, hand sanitizers, hair products, some energy drinks, cough medicines, etc.
- **Poppy Seeds** in any form (no poppy seed case, bread, muffin, dressings, etc.)
- **Any prescription medication** unless prescribed for the participant by a doctor or medical professional. Any prescriptions must be reported to the Case Manager and Treatment provider within 72 hours of receipt.
- **“Natural” or herbal remedies or supplements** such as those sold in health food stores, without prior approval from the Case Manager and Treatment provider. This includes but is not limited to items such as spice, salvia, etc.

What Are The Program Rules?

The participant is required to abide by the following rules:

- All participants must appear in court before the Wellness Court Judge every Wednesday at 10:00 a.m. unless otherwise notified. The purpose of the weekly Wellness Court hearing is to discuss the participant's progress in the program. Failure to appear in court as required may result in an arrest warrant being issued and sanctions being imposed.
- Participants are NOT excused from attending (1) weekly court hearings, or (2) treatment sessions, unless they speak personally with the Tribal Court Case Manager, Program Coordinator or their Counselor, and get permission directly. (Leaving a phone message, or any other kind of message, that you are not coming to court or to your scheduled treatment session, does not authorize permission to miss court or treatment.)
- Do not schedule appointments/activities during scheduled court hearings or treatment sessions.
- All participants will provide the Wellness Court Coordinator, Case Manager and Therapist with a current and active phone number.
- Participants must submit, in advance, written requests to the committee for permission to attend overnight activities or events outside of the community.

- During the Wellness Court hearing the Judge will call the Participant before the bench and address his or her progress or lack thereof in court. Cases are called in random order decided by the Judge. The Judge reserves the right to call any case in a closed setting depending on the circumstances.
- All information (i.e. drug test results, new arrests etc.) discussed in court during hearings is confidential and may not be discussed with any person outside of Wellness Court. In other words, any participant who hears something in court and reveals confidential information to any person outside of the Wellness Court will be subject to sanction and may be subject to an offense of Contempt of Court.

- The participant must attend all weekly scheduled treatment counseling sessions. This includes but is not limited to any and all scheduled recreational activities, alcohol/drug education classes, individual and family counseling sessions. This also includes any other activities or appointments that may be developed during the course of his or her participation in the program.
- Participants must be on time for all treatment sessions, recreational activities, community work service and weekly court hearings. If late, the participant may not be allowed to attend/participate in a scheduled activity, (i.e., counseling, education classes, group sessions etc.), and will be considered to have missed that session. Contact the Counselor or Case Manager if there is a possibility of tardiness or missed session. Names and phone numbers of emergency contacts will be provided. Generally, only a verified medical matter is a reasonable excuse.
- The Participant must submit to weekly random drug tests (urine, saliva, breath or other appropriate means of monitoring) to determine if he/she has been using illegal drugs or alcohol. The Participant must submit to testing upon request or as directed by the Wellness Court or Committee Member. The Participant's refusal to provide a sample will be considered a positive test for substance.
- A positive drug test, refusal to test or failure to immediately respond to a phone call request will be grounds for immediate notification to Wellness Team Members and additional sanctions may also be imposed at the next regularly scheduled court hearing.
- The Participant shall perform a minimum number of community work service in each phase of the program. (The minimum number of community work hours and frequency required is identified in each of the phase requirements).
- The Participant shall participate in a minimum number of recreation hours in each phase of the program such as weight lifting, biking, yoga, basketball etc. or an alternative activity such as language classes. (The minimum number of recreation/alternative activity hours required is identified in each of the phase requirements).
- To verify that community work service was performed, a Participant will be required to provide a signed form (Attachment F). Each Participant is responsible for obtaining forms from the Case Manager or Program Coordinator. Participants will present the

completed/signed forms to the Case Manager or Program Coordinator by the designated due date. A Participant will NOT be allowed to fill out the form on the day of court.

- The Participant shall be responsible for the cost of court ordered home electronic monitoring and secure, continuous, remote alcohol monitors.
- All Participants are required to comply with a curfew established by the Hoopa Adult Wellness Team. The Hoopa Tribal Police Department will monitor curfew and house arrest compliance.
- Participants must dress appropriately at all times while participating in Wellness Court activities, including Wellness Court hearings, treatment sessions, and recreational activities. Clothing bearing drug or alcohol related themes, gang affiliation, obscene or vulgar messages are considered inappropriate. Clothing such as shorts, cutoff pants, midriff tops, and flip-flops are also considered inappropriate. Accessories such as sunglasses and hats are not to be worn inside the courtroom unless medically required.
- Participants shall not use profanity and other vulgar or rude language during Wellness Court activities. This includes all court hearings, treatment sessions, community work service, and recreational activities.
- Violence, harassment, or other inappropriate behavior among participants or other individuals will not be tolerated. Such behavior may result in termination from the program.
- Participants shall comply with all reasonable commands and directives of the Tribal Court Case Manager, Program Coordinator, Treatment Counselors, Clinical Therapists, Probation Officer, Court Bailiff, Hoopa Adult Wellness Team members and Police Officer during all Wellness Court activities.
- Wellness Court terms and conditions (i.e. court appearances, treatment sessions, recreational activities or other court ordered activities) have priority over all other activities, including sports.
- All Participants must be respectful and courteous to others, including other Participants, their spouses/immediate family, members of the Hoopa Adult Wellness Team and court staff during all Wellness Court hearings, treatment sessions and recreational activities.
